### **Business and Corporate Banking Customer definitions**

**Small Business Banking customers** are typically small enterprises (including not-for-profits) with borrowing needs of up to £100k. Their everyday transactional banking products and needs wouldn't require the support of a Relationship Manager. (Government lending schemes are subject to different limits.)

**Business Banking customers** are typically small and medium sized enterprises (including not-for-profits) with product needs that require support through a dedicated Relationship Manager, who work alongside our specialist teams. Our Relationship Managers can provide transactional banking and funding solutions of over £100k (both domestically and internationally).

**Corporate Banking customers** are businesses and not-for-profit customers who generally have an annual turnover above £10m. They typically trade internationally, have larger transactional volumes or require more complex lending structures.

If you tell us, or we determine as part of a periodic review of your accounts, that your needs or circumstances have changed, we may move you on to a more appropriate tariff. If this happens, we'll give you at least two months' notice of any changes to your charges.

### Start-up and Switcher customer definitions

A start-up customer is a customer within their first two years of trading that doesn't already have a bank account with another bank.

A switcher customer is any customer that already has an account with another bank.

During your free banking period, all day-to-day, standard transactions are free. However, during the free period, some

transactions and services are still charged for – these are made clear in the tables on pages 7 to 23.

Each month during your free banking period we'll let you know what you would've been charged on your chosen tariff and we'll also remind you when your free banking period ends. The length of your free period is explained in the table at the bottom of this page.

### Start-ups and Switcher customers

We offer start-up and switcher customers a period of free business banking on your primary account as follows:

Customer	Free banking period on primary account	Business Current Account Tariff after free banking period
Small Business Banking start-up or switcher	12 months	Small Business Banking Account
Business Banking start-up or switcher	12 months	Business Banking Account

Any additional or secondary accounts will be charged as follows:

Customer	Business Current Account
Small Business Banking	Small Business Banking Account
Business Banking	Business Banking Account

### When are charges payable?

We usually apply charges monthly in arrears, but we can sometimes agree to apply them quarterly in arrears. Please contact us for details of when this might apply.

Please see section 4 in relation to when charges are applied on UK Savings Accounts.

### Changes to interest rates and charges

Your Business Banking Terms and Conditions cover how and when we can change our interest rates and charges.

  - solicitors' fees or other legal fees or expenses for enquiries we may have to make about the security;
  - security registration fees; and
  - property valuation fees.
- Taking security can be a complex process. If you ask us, we'll give you an estimate of the fees and charges that may apply to your situation.

## 7. Other Charges

If we're required to comply with a court order (for example, a child maintenance order) or other legally enforceable requirement in respect of your account(s), we may charge an administration fee, up to the maximum permitted by law.

We may charge for services that you request from us that aren't set out in this Price List, but we'll always tell you how much the charge will be and check you're happy to pay it before we provide the service to you.

Please note that taxes or costs may apply to you that aren't charged by us. If we have to pay any tax or cost for providing a service to you, we'll charge you the amount of that tax or cost.

Some cash machine owners may apply a charge for withdrawals. They should tell you about this on the screen before you make the cash withdrawal. This charge is in addition to any charges we make.
