

HSBC Global Wallet

Pay and receive like a local

Growing internationally brings unlimited opportunities

Now you can give your international payments the same freedom.

HSBC Global Wallet gives you the ability to view, hold, manage, make and receive payments in multiple currencies, all from your Business Internet Banking. You'll be able to complete foreign currency transactions quickly and easily.

Total visibility and control of your currencies.

Saves time and effort

All on one platform: Business Internet Banking

Here's how it works

Everything in one place

A single sign-on without the complexity of multiple accounts or logins. View, manage and hold multiple currencies and balances, all in one place, alongside your main bank accounts.

Grow your business

Whether you're paying Dollars to the US, receiving Yuan from China or holding Australian Dollars to pay to Australia another time, it's easy to pay and get paid in the local currencies of your suppliers and customers.

No hidden costs

Add funds directly from your current account or transfer between currency wallets. See the FX rate before you transact and know each payment will arrive in full.

A set fee of £5 per transaction (no matter the size of the transaction).

Key currencies available now

HSBC Global Wallet - currencies.
