About the Business Price List

What it covers

The Business Price List shows the standard charges (excluding VAT where applicable) for business accounts and services for UK-based accounts.

What it doesn't cover

It doesn't cover:

- Prices we've agreed separately with you.
- Prices for HSBCnet, HSBC Connect or the services provided through them.
- Prices for our trade services.
- Prices for corporate business customers.
- Interest rates that apply to your account.
- Fees and debit interest rates that apply to arranged overdrafts and loans.
This will be confirmed in a facility letter at the point of providing the facility.
- Debit interest rates for unarranged overdraft borrowing, which are available at: business.hsbc.uk/interest-rates.
- Currency base rates, which are available at: business.hsbc.uk/currency-rates.

None of our business current accounts pay interest when in credit, unless we've individually agreed with you that they do.

You can find our interest rates along with a copy of this Business Price List on our website business.hsbc.uk, in our branches or by calling 03457 60 60 60. If you're calling from outside the UK, please dial +44 1226 260 878.

Lines are open Monday to Friday, 8:00am to 8:00pm and Saturday, 8:00am to 2:00pm (subject to change over certain periods). Our up-to-date opening hours can be found at: business.hsbc.uk/contact-us. We may monitor and record your call to help us improve our service and for security reasons.

When are charges payable?

We usually apply current account charges monthly in arrears, but we can sometimes agree to apply them quarterly in arrears. Please contact us for details of when this might apply.

Please see page 20 for when we apply charges on savings accounts.

Changes to charges

Your Business Banking Terms and Conditions and any Additional Conditions for your account explain how and when we can change our charges.

There are no charges for the transactions on pages 6 to 14 during the free banking period for start-ups and switchers.

Start-up and switcher customers

We offer Small Business Banking and Business Banking start-up and switcher customers 12 months of free banking on your primary current account. During this period, all day-to-day, standard transactions are free but we still charge for some transactions and services – see pages 6 to 25 for details.

What's a start-up customer?

A start-up customer is a Small Business Banking or Business Banking customer within their first two years of trading that doesn't already have a bank account with another bank.

What's a switcher customer?

A switcher customer is any Small Business Banking or Business Banking customer that already has an account with another bank.

Each month during your free banking period, we'll tell you what you would've been charged on the account you're eligible for. We'll also remind you when your free banking period ends.

After your free banking period ends, we'll start charging you the standard prices for the Small Business Banking Account or the Business Banking Account, depending on your eligibility.

If you have any additional or secondary current accounts, we'll charge for these as a normal Small Business Banking Account or a Business Banking Account, depending on which tariff you're eligible for.

- We'll deduct the currency equivalent of the sterling charge on a Foreign Currency Account, International Current Account and International Savings Account.
- Our standard account charges (or the prices individually agreed with you for those services) and/or additional payment charges will also be payable in addition to any charges made for the international service.
- Communication charges may also apply (e.g. for using SWIFT, fax, mail and courier). You can ask us for details.
- We'll pass on any charges and interest we have to pay when providing international services. Unfortunately, we won't be able to tell you in advance about charges that other banks apply for processing your payment.
- If the recipient's bank, agent or correspondent bank applies charges to payments you make, we'll deduct these from your account. Otherwise, they may be deducted from the amount of the payment you make.

- Except for SEPA payments which must use the SHA charging code, when you make an international payment and choose the “OUR” option, we’ll apply a charge to your account for any charges claimed by intermediaries and/or the recipient’s bank.
- Incoming international payments may be subject to charges by the sender or intermediary banks. These will have been deducted before we receive the payment and credit it to your account.
