

HSBC Global Wallet

Pay and receive like a local

Growing internationally brings unlimited opportunities

Now you can give your international payments the same freedom.

HSBC Global Wallet gives you the ability to view, hold, manage, make and receive payments in multiple currencies, all from HSBCnet. You'll be able to complete foreign currency transactions quickly and easily, wherever your customers and suppliers are.

Total visibility and control of your currencies.

Save time, effort and money.

All on one award-winning platform: HSBCnet.

Here's how it works

- ◆ **Multiple currencies, all in one place**
View, hold, manage, pay and receive in a range of currencies in one place, saving you time and effort.
- ◆ **Faster international payments using local account details**
Transact with your customers and suppliers in other countries with faster international payments, using local account details.
- ◆ **No hassle, no multiple accounts and logins**
HSBC Global Wallet is integrated with HSBCnet, our award-winning online banking platform and mobile app.
- ◆ **Greater control**
Benefit from the enhanced capabilities and security of HSBCnet, including entitlements, and two-factor authentication.
